

Akanksha Pansare Vistd,  
(Symbiosis School)

I ~~remember~~ remember the first day when I came to vidhyaniketan class. I came to evening batch at 5<sup>0</sup> clock. ~~we~~<sup>I</sup> had to fill a form for the admission. They there provided us many facilities that any other class ~~could~~ couldn't. There were also computer sections which were awesome. In that there were papers for us to solve and even when we don't understand a concept they gave us explanation. We could also practice everything. This all could be done on computer. It made us easy to solve sums. We had two teachers, nitin sir whom we called ~~bridge~~ bagade sir or sir, we also had a teacher named Gashna ma'am. She was very kind and beautiful. Both the teachers were kind and helped us whenever we could not solve any ~~some~~ sum. Bagade sir taught us intelligence ~~and~~, maths ~~and~~ and science and Ma'am taught us language and social science. They held many exams for us and mock test ~~to~~ ~~to~~ they also gave us many ~~and~~ papers to solve on the last day we had a party ~~with~~ ~~for~~ ~~the~~ class.

my ~~first~~ first friend was nupoor  
she helped me on the first day.  
I also had many other friends,  
Kalyani, Shruti, ~~Siddhi~~ Siddhi, Anushka,  
Emani, Diviga, I will never forget  
my classes.
