My Scholarship Class - Vidyaniketan Classes.

Vidyaniketan Classes The teachings' good. We (our) class had Computer Practice Sessions, both in English and HRTOT. I liked the C.P.S. but other boys wanted my times, so, I had to quit it.

We were most fond of the classes' dog, Rockie! and the Swing, on which we used to play as train. We had it through Imaginary Stations such as Mexico city, Delhi etc. We had M, Sci, I.T, through our Sir, Nitin Bagade's lecture (which had information (extra) and about Indian culture, and also, he hated the brits\* like me). We had Jyotna Deshmukh mam for History, Eng., Geog. They taught me really well. We loved the extra information. I hope to come again. Sir and Mam're so kind. I ~~love~~ loved Vidyaniketan.

brits\* -
