

In this class I get to learn a lot of things. Sir is a very good teacher. He does not use the usual 'school method' for teaching. He teaches things in his own way, a very nice way bordered by many jokes and a lot of sense. He thought us a lot about how not to become 'white collar slaves'.

His motivation is very good. His usual sentence 'शांत चित्तुं कौण्डिन ही कौण्डिन शान्त चित्तुः' This sentence is very true and carries a lot of meaning. He has also motivated us to search for our inner talent. These classes has taught me a lot.
