How I felt my Scholarship classes
through out the year.

I was feeling that it was a happiness for me. It was a sight when sir was teaching me. He was the best sir in my life. He teaches us in a very good way. ~~He is so~~ We are so lucky that we got such a nice sir. At the beginning I thought that ~~some~~ it would be very boring because ~~I~~ ~~the~~ while taking it I ~~thought~~ thought it would be nice. Then afterwards I again thought it is boring but no. I again thought that if this sir or mam will not teach us it will be boring, so I ~~thought that~~ ~~I~~ liked it very much. through out the year. I will will remember you sir through out and mam through out the ~~year~~ life.
